

One signature. A shared font.

This document has no monetary or legal effect. All data is fictional.

The signing identity is a deliberately public test certificate.

PAGE AMOUNT - VISUAL RENDERING

1000

Select and copy the large amount: its text mapping is always 9000.

Form field sharing the same font

Its stored value stays 9000. A viewer may regenerate its appearance.

1000

Original approval signature

Inspect Signature Properties and View Signed Version separately.

PUBLIC TEST SIGNATURE

Research question: can a later form appearance update change this signed page amount while the validator still accepts the signature?
